PRIVATE CATERING

Whether you are celebrating in one of our favorite venues, a private residence, or at a place of your choosing, we're happy to serve you and your guests. While you entertain your guests, Bachetti Bros. team of Culinary and Catering Professionals will take care of the rest. Full Service catering is available with banquet staff and certified bartenders. Allow our award winning Event Planners to customize a proposal with the perfect combination of menu and service items to bring your vision to life.

SERVICE OPTIONS

♥ **FULL SERVICE:** Our staff of servers, chefs, and bartenders arrive at the pre-arranged time to deliver and setup then stay for the entire event to serve your guests, monitor the food, clear the event space, and keep everything photo ready. Afterwards, we breakdown

and cleanup your service areas, leaving it how we found it. This option is the least work for you and your guests as our team takes on the responsibility of putting on the Event Production including managing rentals, as requested.

♥ **DELIVERY & SETUP:** Our staff brings your food, chafing dishes, and all necessary buffet equipment to the location of your choosing. We setup everything to your absolute satisfaction and leave you to enjoy your food with your guests. You have the option of returning the equipment to us yourself within 48 hours or having us come back and get it for an additional fee. While this option is less expensive than Full Service, it's also more work as you're responsible for managing rentals and all the cleanup.

♥ **PICKUP:** You designate a person to pickup your food, hot or cold. Your team takes care of unpacking and arranging the buffet. This option is best for smaller events or when you have a number of friends and family to help out.

"It's Better at Barchetti's!"

We believe a wedding should be a reflection of you, the couple. It's not about what *we* want to do for your wedding. It's about how you'd like to present yourself to your guests. From Full Service weddings where our Banquet Staff and Bartenders work hard to meet your every need to Drop-Off catering for couples who truly like to DIY their wedding, the Barchetti Bros team of Award Winning Wedding Planners are able to help you realize your unique vision for your Wedding Day.

Our Wedding Planners and Catering Team work together to create and execute as much of your special day as you'd prefer. We're not here to push our vision of a wedding onto you. We are here to help you bring your Wedding Dream to life. We can provide you with just the food or we can plan, deliver, and execute your whole event including rentals. Whether it is a buffet setup or tableside service, we offer numerous options for you to choose from: ceramic plates or disposables, glasses or plastic tumblers, tables, chairs, linens, tents, grills...the list goes on and on. The only limitations are our imaginations.

Because everything we do is customized, we do not have a set price per person. We feel your price should reflect the items actually on your contract and you should be able to add-on and remove items from your menu and services to meet your budget. Call or e-mail us anytime and we will be happy to create a proposal for you!
