SERVICE SUGGESTIONS

- ♥ **FULL SERVICE** - Our staff of servers, chefs, and bartenders arrive at the pre-arranged time to deliver and setup then stay for the entire event (4-5 hours) serving your guests, monitoring the food, and clearing the event space to keep everything photo ready. Afterwards, we breakdown and cleanup your service areas, leaving it just how we found it. This option is the least work for you and your guests as our team takes on the responsibility of putting on the Event Production including managing rentals and coordinating vendors, as requested.
- ♥ **DELIVERY & SETUP** - Our staff brings your food, chafing dishes, and all necessary buffet equipment to the location of your choosing. We setup everything to your absolute satisfaction and leave you to enjoy your food with your guests. You have the option of returning the equipment to us yourself within 48 hours or having us come back and get it for an additional fee. While this option is less expensive than Full Service, it's also more work as you're responsible for managing rentals and all the cleanup.
- ♥ **PICKUP** - You designate a person to do an in-store pickup of the food and setup the food yourselves. This option is best for smaller events and/or when you have a number of friends & family to help out.

Our Wedding Planners and Catering Team work together to create and execute as much of your special day as you'd prefer. We're not here to push our vision of a wedding onto you. We are here to help you bring your Wedding Dream to life. We can provide you with just the food or we can plan, deliver, and execute your whole event including rentals. Whether it is a buffet setup or tableside service, we offer numerous options for you to choose from: ceramic plates or disposables, glasses or plastic tumblers, tables, chairs, linens, tents, grills...the list goes on and on.

The only limitations are our imaginations.

Because everything we do is customized, we do not have a set price per person. We feel your price should reflect the items actually on your contract and you should be able to add-on and remove items from your menu and services to meet your budget. Call or e-mail us anytime and we will be happy to create a proposal for you!
